The Pune Municipal Corporation (PMC) has recorded a loss of 14.5 lacs last year, the nature reserves indicator has shown improvement with a 125% rise in prices per hectare as against 84 lacs in the previous year. The discount for improving city status has also gone up from 120/440 to 430/1440.

The presentation of the ERC, which was tabled by additional municipal commissioner Narenwar Zarwani, was marred by public attendance. There were only eight corporators at the start of the special general body meeting but it fell to 10 towards its end. The strength of the general body corporation is 23.

"The PMC will take initiatives for further improvement of the corporation and it will be reflected in the next annual budget," Zarwani said.

According to the report, there are 307 species of birds and 184 species of butterflies found in the city. There are 52 species of reptiles which are found in the city. There are 21 species of mammals which are found in the city. The PMC has a comprehensive and co-ordinated system of the entire area.

"The PMC will take initiatives for further improvement of the corporation and it will be reflected in the next annual budget," Zarwani said.

The standing committee approved the proposal to allot the 12-19-crore work to Vishal Nirmittee.

The PMC administration on Thursday reviewed 20 years of its experience in decentralised planning and development. Corporators said that the PMC administration had taken effective steps to provide drinking water to the citizens.

"I am satisfied with the performance of the PMC administration in the past 20 years," said caucus leader Ritesh Dhonde, who is a member of the corporation.

The PMC had proposed to declare 12-19-crore work to Vishal Nirmittee.
