

CASES IN BUSINESS AND INVESTMENT ANALYSIS

WITH SANJAY BAKSHI

24TH - 27TH NOVEMBER, 2022

ABOUT THE FLAME INVESTMENT LAB (FIL)

FLAME was founded with the concept of liberal education as its cornerstone. FLAME celebrates ideas, cherishes diversity, and strives to deliver an academic experience that fosters intellectual curiosity, a critical thought process, self-reflection, leadership and teamwork skills, a sense of commitment and professionalism and a heightened sensitivity to one's sociocultural environment. FLAME aims to provide an interdisciplinary platform of education by propagating different models and paradigms through, but not limited to, history, philosophy, political sciences, psychology, business, economics, mathematics and finance.

As part of its endeavor to constantly redefine education, FLAME inducted the FLAME Investment Lab (FIL), an initiative that strives to deliver the concepts and decipher the art of value investing to interested students. FIL believes in the dictum "invest in yourself". It provides tools for self-learning and acquiring knowledge, constantly striving for intellectual stimulation and asking questions. FIL strives to widen your horizons, aiding you to connect the dots within seemingly disparate information. FIL truly believes that the best investment is investing in yourself. As Socrates has said, "I cannot teach anybody anything. I can only make them think."

After successfully hosting multiple FLAME Investment Lab programs, we are excited to announce the '**FLAME Investment Lab - Cases in Business and Investment Analysis program with Sanjay Bakshi**', from November 24 - November 27, 2022.

- Balkrishna Industries: The journey from fragility to robustness;
- Symphony: Niche business, low entry barriers;
- Ambika Cotton: Niche business, commodity industry;
- Redington Limited: Where obsolescence is good for stockholders;
- Relaxo Footwear: Rerating of an emerging moat;
- Jamna Auto: Immunity from tech disruption;
- Nesco: Asset conversion in real estate;
- RITES Limited: Infrastructure investing without many risks;
- CCL Products: Gradual transformation of a contract manufacturer;
- AIA Engineering: Switching costs in a B2B business model; and
- TV18 Broadcast: Financial discipline post control change.

In each of these cases, participants will learn about one or more key ideas relating to business and/or investment analysis and then work towards discovering similar situations, often in totally different industries. These cases, therefore, will serve as stepping stones for generating more creative ideas for business and investment analysis.

Disclaimer: Case studies on specific companies are created purely for educational purpose only.
